Cathy

I am requesting to work more than 10 hrs on Mon Sep 9 through Thu Sep 12. I will be at the Falcon Refinery Site overseeing the installation and sampling of monitoring wells. The contractor expects to work from 6:30 am – 7:30 each day. I plan to be onsite from 6:30- 6:30 and will either call or send an email when I start and stop work each day. Please let me know if you have any question or need additional information.

Thanks
